laser treatments

AFFIRM® Laser Treatments

- Anti aging
- Skin tightening
- Fine lines and wrinkles
- Pore reduction

Clinically proven to stimulate and strengthen collagen production, reduce fine lines and wrinkles, and correct loose skin of the face and neck. Ideal for clients seeking a non-invasive and non-surgical option to treat problems associated with aging.

(From 300 per treatment)

- Acne scarring
- Stretch marks
- Unsightly scars

Can effectively treat all scars to reduce and improve appearance.

(From 150 per treatment)

Photorejuvenation

- Rosacea
- Hyperpigmentation
- Sun damage
- Age spots

Also known as photofacials, IPL or XPL. This light - based treatment targets brown spots and redness. It also stimulates collagen production, improving skin clarity and resulting in a more even, glowing appearance.

(From 75 per treatment)

ELITE® Laser Treatments

- Laser Hair Removal

Our award- winning Elite® laser with Smartcool® is a state-of-the art system, providing comfortable, efficient and more reliable results than other methods for effective permanent hair reduction.

(From 50 per treatment)

- Spider Vein Removal (Face + Legs)

Spider veins and broken capillaries on the legs and face are safely and quickly removed.

(From 100 per treatment)

cosmetic injectables

Botox®

Botox injections are a safe and effective treatment, relaxing specific facial muscles and resulting in decreased appearance of lines. Horizontal lines on the forehead, vertical lines between the eyebrows and fine lines or crow's feet at the corners of the eyes are all commonly and effectively treated. Results last 3-6 months. Length of time may increase with repeated use.

(10 per unit)

Cosmetic Fillers

- Juvederm
- Restylane
- Radiesse
- Evolence
- Artesense

Cosmetic fillers are highly purified injectable agents used to rejuvenate the face. They can be used to treat fine superficial lines, wrinkles and deep folds. They are also used for lip augmentation. Dr. Hynes will help you decide which filler is best for you at your cosmetic consultation. Most fillers are not permanent. Depending on the chosen filler, results can last from 6 months to several years.

Pricing varies with type and volume of filler used.

(From 275-750)

Sclerotherapy

Used to treat spider veins in conjunction with laser treatments. Veins are injected with a sclerosing solution causing them to collapse and fade.

(From 90 per treatment)

skin care products

Alyria®

"Discover a revitalized you. Get used to compliments"

The Alyria line of prestige skin care is available exclusively through physicians. Incorporating the best ingredients and technologies and patented delivery systems to enhance the beauty of your skin.

Obagi System®

"Do you believe in transformations? You will."

Obagi is a physician-prescribed skin care system that actually corrects the function and health of your skin. It transforms your skin at a cellular level, resulting in skin that acts younger and healthier.

Our trained staff will be pleased to assist you in finding the best homecare regime for your skin.

Chemical Peels

Biophora lactic, glycolic and salicylic peels and P.C.A. medium depth peels provide anti-aging benefits, treat surface lines, improve uneven texture, dull/dehydrated skin, and give the skin a fresh youthful glow with no down-time. Acne, pigmentation and pore size can also be treated. Careful diagnosis by a skincare professional will determine the best treatment plan. Optimal results are achieved with multiple treatments.

(80-150 per treatment)

Complimentary Consultations are available to discuss all treatment options so that we can provide you with an individualized programme that is best suited to meet your needs.

Special package pricing is available on laser treatments and peels.

(All laser pricing is determined at consultation time based on assessment of the individual's skin and treatment area size).
